

**Material Safety Data Sheet: Barley Flour**

- A) **Material Identification:** Food Ingredient  
Product Name: Barley Flour  
Manufacturer: Cereal and Malt-Extracts (Pty) Ltd.  
Tel: +27 (0) 11 474 2424  
Fax: +27 (0) 11 474 3141  
Email: [enquiries@cerealandmalt.com](mailto:enquiries@cerealandmalt.com)
- B) **Hazardous Ingredients:** None
- C) **Physical Data:** Appearance: A light-brown coloured, milled flour  
Odour & Taste: Typical of barley  
Moisture Content: < 13%  
Particle size: >600µm Maximum 1%  
500µm-600µm 15%  
315µm-500µm 24%  
<315µm 60%
- D) **Fire & Explosion Data:** Dust Explosion Hazard
- E) **Reactivity Data:** Stable: Yes  
Conditions to avoid: Direct sunlight & extreme temperature changes.  
Special fire fighting procedure: None  
Hazardous decomposition Products: None
- F) **Health Hazard:** None
- G) **Spill/Leak Procedure:** Wipe. Diluted with water can be discharged to drain.
- H) **Special Protection Data:** None
- I) **Storage Procedures:** Store in a cool, dry, place away from direct sunlight. Ensure the product packaging properly sealed if partially used.
- J) **Explanation of Symbols:** None Used
- K) **Packaging:** 2 Ply paper bags of 25kg each identified with the name of the Manufacturer, Product Name, Batch Number and Expiry Date
